

Habsburgs and Zionism

The Habsburgs are one of the most dominant royal bloodlines and have ruled in Austria, Germany, Switzerland, Spain, Mexico, and Eastern Europe including Ukraine. The Habsburgs specialize in deception and defilement. They are disgustingness. The Habsburgs have married with most European royal families and have a current alliance with the royal families of Belgium and Luxembourg through the marriage of Archduchess Marie Astrid of Luxembourg married to Archduke Carl Christian of Austria and Prince Lorenz of Austria-Este married to Princess Astrid of Belgium. The head of the Habsburgs is Karl von Habsburg and he is a politician, investment banker, businessman, Knight of the Sovereign Military Order of Malta of Rome, and the Austrian Grand Master of the Order of the Golden Fleece. Karl's son is Ferdinand Zvonimir von Habsburg. Karl's sisters are Andrea, Monika, Michaela, Gabriela, Walburgha and his brother is George. The Congress of Vienna was held in Habsburg's empire which was the basis for the creation of the Great Powers and later the United Nations. The Habsburgs were the emperors of the Eastern Holy Roman Empire and also ruled in Switzerland and regions of Germany. They lost their remaining territories in Austria and Hungary after the Nazis and are currently being propped up by Rome to lead in the imperial takeover agenda with the motivation of reclaiming their former reign. The Habsburg family have always worked with Rome as Knights of Malta and are allied with the Lucchesi-Palli and Pallavicini families of Rome. The Lucchesi-Pallis are nobles in Austria and Italy and the Pallavicinis have an Austrian branch. The name Hesse has etymological connections with Hest which means in English to "command" and in ancient Greek means "horse." The House of Hesse are the head of the Habsburg's imperial equestrians or knights and command armies and paid soldiers even to this day. Hessians were German mercenary soldiers that served the British Crown and even fought in the American Revolution on the side of the British. The House of Hesse and House of Habsburg have similar origins from a royal family in ancient Lorraine.

The Order of the Golden Fleece takes its name from Greek Mythology. The Golden Fleece was a prize of kingship offered to Jason and other false heroes to fight for their interests like mercenaries. The term "Man on the White Horse" refers to false heroes who seek fame and fortune. Alex Jones is a primary example of this as he pretends to be opposed to corruption while he works for them for money and fame. The Habsburg family and their Order of Golden Fleece have control over large amounts of gold and use this for financing shills. This is why Alex Jones is working with Midas Gold Corp. Midas was a king located in modern Turkey mentioned in Greek Mythology whose touch turned objects into gold. Schilling was the name of Austrian currency until the Euro and this is where the term shill derives from. They pay shills in the alternative media to promote lies and propaganda as false opposition. Infowars is also working with Stratfor Intelligence located in Austin, Texas and Alex Jones has hired former Stratfor employees like Molly Maroney. Stratfor is connected with militias and contract killers similar to Hessian mercenaries. George Friedman founded Stratfor and was from Budapest, Hungary which was part of the Habsburg's empire and where Karl von Habsburg's father in law Baron Hans Henrik Thyssen-Bornemisza was from. George von Habsburg lives in Hungary. My IP was blocked from Infowars for exposing the Pallavicini family. Alex Jones is a terroristic monster. They also own LetterOne which is based in Luxembourg. The Habsburgs are currently married with the royal family of Luxembourg. Many Zionist bankers serve the Habsburg family like the von Oppenheim family which became barons of the House of Habsburg's empire. Sal. Oppenheim is a German bank. The Habsburg Baron Christopher von Oppenheim was a recent executive for Sal. Oppenheim and he was convicted of fraud through his sales of the bank. Sal. Oppenheim's headquarters was moved to Luxembourg in 2007 while under Baron Christopher's leadership because of its banking secrecy laws. The House of Habsburg is a ruthless imperialist family working closely with the Black Nobility through the SMOM. The Habsburgs were originally ancient Khazarians.
